Developmental Medicine and Child Neurology

Volume 6 1964

INDEX

Authors and subjects of articles in the body of the Journal are indexed together. Abstracts are included in the general index and listed under both subjects and authors, with '(abstr.)' at the end of the title. Letters to the Editor are indicated by the symbol (L).

KEY TO ISSUES AND PAGES

Issue	*Pages*	*Issue*	*Pages*
No. 1	1–110	No. 4	343–452
No. 2	111–228	No. 5	453–562
No. 3	229–342	No. 6	563–680

ABERCROMBIE, M. L. J.: Body image; report of a symposium, 641
— Disordered body image in cerebral palsy: a questioning look at the concept, 643
— LINDON, R. L., and TYSON, M. C.: Associated movements in normal and physically handicapped children, 573
Abnormalities. *See* Malformations
ACKERMANNOVÁ, B. *See* KAŠPAR, M., 76
See VÉLE, F., 75
ACTH. *See* Corticotrophin
Adolescence, benign brain tumours in (abstr.), 101
— deterioration of cerebral palsied at, 80 (L), 83 (L)
ALALAB'YEVA, M. N.: Effect of intracranial birth injury and neonatal asphyxia on subsequent development of infant (abstr.), 215
Alcohol injections in spasticity, 637
Aldolases, serum, in muscular dystrophies, influence of 'Durabolin' on, 75
ALEXANDER, J. A. *See* FRANKLIN, R. R., 550
Alpha-ethyl-alpha-methylsuccinimide. *See* Ethosuximide
Alport's syndrome. *See* Nephropathy, hereditary
ALVORD, E. C. *See* RAND, B. O., 555
American Academy for Cerebral Palsy, annual meeting, Dallas, 1963: abstracts of papers presented at, 67
— — — — election of officers and members, 108
Amino-acids in serum of feebleminded and healthy children, investigation by column chromatography (abstr.), 218
— urinary output in suspected cases of cerebral palsy, 425
Aminoaciduria in familial mental retardation (abstr.), 103
Anaesthesia, general, in emergency treatment of convulsions in children, 183
ANDREEVA, L. S. *See* SMIRNOV, Y. K., 672
ANDRÉN, L., and PALMÉN, K.: Seasonal variation of birth dates of infants with congenital dislocation of the hip (abstr.), 324
Anencephaly, incidence in Liverpool, 231

ANNOTATIONS
Alcohol injections in spasticity, 637
Anoxia neonatorum, 189
Baby with cleft lip and palate, 301
Bones, transverse lines in growing bones, 630
Brain lesions, progressive, urinary Nadi reaction test for, 626
Cerebral palsy, surgery in, 418
— — terminology and classification, 295
Cretinism, 306
Dandy-Walker syndrome, 633
Dermal ridges, congenital absence of, 519
Diabetic schoolchildren, 299
Dizziness in children, 416
Down's disorder in newborn, 632
Electroencephalography in cerebral palsy, 65
Epilepsy, abdominal, 522
— photic, 625
Foetal distress and placental insufficiency, 63
Glycogenosis, 628
Growth hormone, 57
'H' reflex, 60
Haematoma, subdural, in battered banies, 192
Handicapping, social consequences of, 191

Hemiplegia, acute in childhood, 521
Hypercalcaemia, infantile, sequelae of, 419
Infant feeding in under-developed countries, 193
Infants, newborn, autonomic function in, 417
Intracranial haemorrhage in premature infant 518
Megalencephaly, 638
Meningitis, pyogenic complications, 63
Mental retardation, social distribution, 302
Muscular dystrophy, treatment, 194
Myopathies, non-progressive, 304
Obesity in childhood, 415
Orofaciodigital syndrome, 421
Phenylketonuria, diet in, termination of, 59
Postural reflexes, evolution of, 517
Pseudoglioma, 422
Rubella embryopathy, 636
Sex diagnosis before and after birth, 53
Spermatozoa, abnormal, relation to perinatal disease, 523
Sulthiame in epilepsy, 195
Those double R's, 640
Tooth ring analysis, 524
Toxocara canis infestation, 525
Transillumination of the head, 297

Anorectal anomalies, congenital, changing concepts of management (abstr.), 215
Anoxia neonatorum, 189
Antibiotics, prophylactic, in spina bifida, 18
Anus, congenital anorectal anomalies, changing concepts of management (abstr.), 215
Apgar score of term infants (abstr.), 550
Aphasia, congenital, Fay's sign in, 72
— ideokinetic, associated with post-traumatic right hemiparesis in four-year-old, 75
— in childhood (abstr.), 446
von ARNIM, G., and ENGEL, P.: Mental retardation related to hypercalcaemia, 366
Arnold-Chiari malformation, 424
'Artane'. *See* Benzhexol hydrochloride
Arthrogryposis, relation to cerebral palsy, 73
ASHMARINA, E. E. *See* SMIRNOV, Y. K., 672
Asphyxia, intrauterine, diagnosis and treatment (abstr.), 443
— neonatal, associated with intracranial birth injury, effect on subsequent development of infant (abstr.), 215
— — follow-up study of premature children with, 458
— — state of central nervous system of newborn infants who suffered from (abstr.), 671
ASSIS, L. M. *See* CANELAS, H. M., 667
Association for Child Psychology and Psychiatry, seminar on research methodology in child psychology and psychiatry, 340
Ataxia, cerebellar, familial, deafness and mental subnormality associated with (abstr.), 330
— — — fatal myocardial sclerosis associated with (abstr.), 330
Ataxia-telangiectasia, 645
Athetosis, laterality in, 261, 538 (L)
— lung function in, 378
Audiometry with mentally retarded, effects of training upon (abstr.), 447
Australian Cerebral Palsy Association, seventh medical and educational conference, Brisbane, 1963, 197

BAILEY, M.: Development of a centre in a country area, 199
BAKER, L. D.: Prevention of structural deformities in cerebral palsy patient, 68
BAKWIN, H.: Secular change in growth and development (abstr.), 217
Balneotherapy, complex, of early cerebral palsy, 77
BALUNOVA, A. A.: Relative value of some reflexes in newborn infants with intracranial birth injury (abstr.), 215
BÁRDOŠOVÁ, G., BREŽNY, I., and KRÁLIK, M.: EEG findings in relatives of patients with subacute panencephalitis, 647
— and KRÁLIK, M.: Contribution to problems concerning progressive external ophthalmoplegia, 646
BARNETT, S. A. Pavlov today, 270
BARSCH, R. H.: Visual motor learning; a spatial phenomenon, 67
BARSLUND, I., and DANIELSEN, J.: Temporal epilepsy in monozygotic twins (abstr.), 327
Basal ganglia, stereotactic surgery, physiological observations during, 68
BASSA, D. M.: Elusive factor in physiotherapy of brain-damaged children, 502
BASSETT, M. *See* LERIQUE, A., 448
BAX, M. C. O.: Terminology and classification of cerebral palsy, 295
BEACONSFIELD, P., GINSBURG, Jean, and JEACOCK, Marjorie K.: Glucose metabolism *via* the pentose phosphate pathway relative to nucleic acid and protein synthesis in the human placenta, 469
Bed-wetting. *See* Enuresis
Behaviour and concurrent electroencephalographic observations on freely moving children, 362
— clinical, of newborn (abstr.), 550
BENKO, J., ČAJKOVÁ, E., SZABOVÁ, I., and VAJDA, P.: Ataxia-telangiectasia (Louis-Baar syndrome), 645
BENSON, P. F.: Urinary test for progressive brain lesions: the Nadi reaction, 626
Benzhexol hydrochloride in children with an unusual progressive striatal syndrome, 598
BERENBERG, W., and ONG, G. H.: Cerebral spastic paraplegia and prematurity (abstr.), 555
BERGE, T., BRUNNHAGE, F., and NILSSON, L. R.: Congenital hypoplastic thrombocytopenia in rubella embryopathy (abstr.), 216
BERRY, M. K., GRANGER, M., SCHEEL, C., and SIMON, H.: Detection of phenylketonuria: an institutional screening program (abstr.), 329
BESSMAN, S. P.: Some biochemical lessons to be learned from phenylketonuria (abstr.), 670
Bibliography of Developmental Medicine and Child Neurology, suggestions for, 314 (L)
Bilirubin distribution and dynamics of bilirubin removal by exchange transfusion (abstr.), 327
Biochemistry, sixth international congress, 340
Birth dates of infants with congenital dislocation of hip, seasonal variation (abstr.), 324
— injury, multiple abnormalities in Romano-British skeleton, 397
— — paralysis of upper limb due to, histamine test as aid in prognostic assessment of (abstr.), 444
— weight, low, children of, 343
— — — deafness in children of (abstr.), 666
— — — fits in children of, 144

— — of 1,500 grams or less, prenatal history of infants with (abstr.), 325
BISHOP, E. H.: Maternal heart volume and prematurity (abstr.), 556
BISSELL, Mary: Report of conference of Society for Music Therapy and Remedial Music, 311
— *See* KENDALL, P. H., 80
Bladder, exstrophy of, 44
— irritable bladder syndrome, 23
Blood-transfusion, exchange, bilirubin distribution and dynamics of bilirubin removal by (abstr.), 327
Bloom's syndrome (abstr.), 324
Body image, 641
— — concept of in children's drawings, 643
— — development, 642
— — — in childhood, 642
— — disordered, in cerebral palsy, 643
— — disturbance in cerebral palsied children, 198
— — in childhood, anatomy and physiology, 641
— — partial distortion of, 641
— — relation of spontaneous geometry of normal and cerebral palsied child to, 643
van Bogaert's leukoencephalitis. *See* Leukoencephalitis sclerotisans
Bone length, assessment of, 410
— transverse lines in growing bones, 630
